**m!ka EasyLift. A beautiful beast.**

With m!ka EasyLift a whole new way of up-and-down movement is added to our renowned m!ka mic and mounting system. m!ka EasyLift delivers height adjustment made as smooth as possible. Regulate your height setting within the wink of an eye. No need to readjust booms every time you want to move your gear in a vertical direction. The integrated pneumatic spring will be taking a lot of work off your hands.

**Elegant Weightlifter.**

Up to 15kg m!ka EasyLift can heave any monitor. Adapted to your individual gear's weight it facilitates your work.

**Champion in different weight classes.**

Two versions and three different arm lengths. Combine m!ka EasyLift with your gear!
